

About Indus World School of Business

Indus World School of Business (IWSB), Greater Noida has been started with a mission to create well-rounded, open and responsible entrepreneurial leaders who can be growth catalysts in organizations, businesses and markets through leadership in thought and action.

This is reflected in virtually every aspects of the Institute. The environment at IWSB encourages openness, accountability, risk taking and innovation.

The programs and courses have been designed to be intellectually challenging, relevant and rigorous with a special emphasis on all round learning experience that focuses on conceptual understanding of management principles, strong analytical approach to problem solving, and hands on leadership development. The emphasis on theory is reinforced by making learning as experiential as possible.

The faculty and Staff team of IWSB, shares the common vision of creating an exclusive business School that believes in knowledge creation, experimentation, experiential learning and creating entrepreneurial ethos.

IWSB runs under the aegis of the Career Launcher Education Foundation, and is promoted by the Career Launcher Group, a leading edu-corporate of Asia that has business operations in diverse areas in the field of education. Career Launcher was started by a group of entrepreneurs in 1995, all alumni of leading business schools of India, including IIM Bangalore, Calcutta and Lucknow.

About MANLIBNET

MANLIBNET was established for sharing of resources and information among the libraries by fostering a spirit of cooperation and weaving these together in a networking arrangement. Keeping in view the importance of information as a vital resource, increasing cost of inputs, quantum of information stored, its desired quality and the speed with which the information can be retrieved, there are technology options, which need to be known and exploited.

To achieve these broad objectives, Management Libraries Network (MANLIBNET) was initiated in year 1998. MANLIBNET promotes outstanding library practices by identifying the Best Librarian from information professionals' community and recognizes the best academic work on an annual basis. On professional platforms, MANLIBNET tries to put LIS professionals in contact with current and future leaders in the library profession.

A Two-Day Librarian Development Programme (LDP) on "Managerial Skills for Library Professionals" September 9-10, 2011

Organized By

Indus World School of Business
Greater Noida

In Collaboration with

Management Libraries Network

About the LDP Theme

Librarianship is a noble profession. Its prime motto is to provide services in the best possible manner to the users. A librarian's prime concern is also directly linked to customer satisfaction. A librarian with managerial skills performs better in his profession. Some people in this profession are not able to perform well due to lack of managerial skills.

Hence, a two-day Librarian Development Programme is being organized by IWSB in collaboration with MANLIBNET. This programme is aimed and designed to train & develop Library Professionals to meet the current professional challenges so that they act as a resource person in guiding and motivating the library users.

Objectives of the LDP

LDP aims to equip librarians with skills and knowledge that are essential for inculcating professional values in users and guiding and monitoring their progress towards career.

Objectives of LDP are: -

- To equip Librarians with new skills and knowledge of the nascent IT developments which are essential for providing better library services to the users
- To maintain and enhance library services
- To help Librarians to fulfill academic responsibilities
- To help the participants in understanding the IT discipline for merging the Library Science and IT knowledge for the better functioning of Libraries
- To unleash the hidden potential, overcoming the past conditioning and limited beliefs, developing a success formula, inculcating leadership traits and success strategies

Benefits

The proposed LDP will help the LIS Professionals to generate opportunities, convert failure into success, and generate enthusiasm and motivation. It will also help in nurturing and promoting the hidden qualities of leadership within themselves.
